School Leader Paradigm (SLP) \$25

Leadership framework that accounts for both how you must be growing, or becoming, as a school leader and the work you and those in your learning organization must be doing to be effective.

SLP The Research \$35

The research behind the School Leader Paradigm. It provides more detail about the essential behaviors and offers concrete action steps school leaders can take to enhance their leadership.

SLP The Learning Resources \$35

School leadership learning resources to help you grow as a learning leader.

SLP Poster \$50

This visual representation of the School Leader Paradigm shows the various aspects of this important framework and how they all work together. Size is 30"x20".

School Leadership That Fits \$25

Reflective questions, practical tips, and resources to guide and assist you in determining whether school leadership is the right fit for you.

School Leader Entry Plan \$25

Guidance to help you frame your thinking about starting your school leader journey — including critical leadership competencies and attributes, relationship building, capturing key data points, and more.

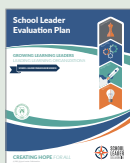

School Leader Calendar \$35

Stay focused, organized, and growing with lists of essential responsibilities, dates to remember, PD opportunities, and advice on key leadership topics.

Cycle of Inquiry \$35

Use to foster continuous growth and improvement at the organizational level.

School Leader Evaluation Plan \$35

Helps districts develop their own school leader evaluation system to help school leaders grow their leadership dispositions and the skills necessary to do their work effectively.
